Chester Bowman, representing the pwners appeared before the Commission. Mr. Bowman stated that they own all of the property adjacent to the easements. Chester E. and Beverley J. Bowman request the vacation of two (2) utility easements.

Location: The SW corner of State and Coliseum Boulevards.

Legal: See file.

Land Area: Approximately 0.01 acres

Zoning: B-2-C

Surroundings: These easements are located within a planned shopping center.

Reason for Request: Future development.

Comprehensive Plan: No comment.

Neighborhood Plan: No comment.

Landscape: No comment.

Planning Staff Discussion:

The petitioners state that they are the owners of all real estate bordering both sides of the two easements, and that no other person or firm is interested in or affected by this petition. Petitioners further state that these easements are not necessary to ingress or egress concerns, nor have the easements ever been used by any utility.

Staff has no objection to the petition. The vacation of these easements will allow additional development of this planned shopping center to take place in an orderly manner. Utility services to the center will be provided through other easements either existing or planned, and should not necessitate preserving these locations.

Recommendation: Conditional Approval, contingent upon the petitioners providing for utility relocations or replacement easements as needed, and for the following reasons:

- 1) Approval will not impact any other property owner.
- 2) The current easements are not needed for future growth of either the city or this development.
- 3) Approval will not impact anyones access to public ways or places.

RE: Budget Adjustment Ordinances

A-93-03-01

In accordance with the City's Budget Adjustment Policy, requests for budget adjustments must be submitted to the Controller's office by March 1, June 1, September 1, and November 1. Attached are three ordinances detailing those requests submitted by March 1. They have been approved by the respective Division Head, the Controller, and the Mayor.

1. Transfers within departments
 - a. The Transportation department requests moving \$2,000 from the 4100 series (part-time line) to the 4400 series to replace a computer.
 - b. The Board of Works requests moving \$10,000 from the 4400 series (COIT project line) to the 4300 series. This will allow the appropriate accounting of a COIT non-capital project selected by Councilman Cletus Edmonds.
 - c. The Traffic Engineering department requests moving \$2,000 from the 4200 series to the 4400 series to purchase a workstation upgrade for GIS sign and marking inventory.
2. Transfers within the General Fund
During the budget process it was agreed that the City would reduce it's budget by \$250,000 due to self-insurance savings. That amount was appropriately reduced in the respective funds at the State Board of Tax Commissioner's tax hearing in December. However, the amount reduced in the General Fund was all taken from the Controller's budget. The attached Appropriation Ordinance and Disappropriation Ordinance correct that reduction by increasing the Controller's budget by \$124,217 and reducing the appropriate departmental budgets by the same amount.
3. Other Additional Appropriations
 - a. The Street Engineering Department originally reduced their 93 budget by one engineer. However, it has now been determined that unplanned revenue in the way of Block Grant projects and ISTEA projects will require maintaining the 92 level of engineers. This department is in the MVH Fund and not funded by property tax dollars.
 - b. TIF funds received in the LR&S Fund for the Coldwater/Washington Center Road project had not been appropriated.
 - c. The Civic Center Parking Garage makes a payment in lieu of taxes to the General Fund annually. The amount was recently recalculated by Municipal Consultants. This item was unbudgeted in the 93 budget.
